I. Trademarks

As we recognize the vital role your trademark plays in representing your products among the varied consumers and industries, we have devoted a professional team that will provide you with a customized approach on protecting and enforcing your trademark in the markets. Our experienced team can help you with all trademark-related matters including services below:

Market Investigations:

Working proactively on stopping infringement actions against our clients' trademarks, we have hired a team of professionally trained inspectors who continuously investigate the markets to detect any counterfeit marks, where we immediately alert the client of the suspected infringement advising them on available legal actions.

Borders Measures:

TAG-Legal works closely with the governmental authorities to promote the enforcement of trademarks and related IP rights in the region and has signed several Memoranda of Understanding (MoUs) with these bodies that serve these needs. Our lawyers offer their expertise under these MoUs to the Customs and competent authorities through specialized training held by our organization to increase awareness on distinguishing counterfeit products. While in turn, the competent authorities continuously cooperate with us to prevent the entrance of products infringing our clients' marks into the country.

IP Workshops and Awareness Sessions:

Our experienced lawyers readily share their experience with their local community by organizing annual workshops and training programs for companies and authorities specialized in the IP field through which TAG-Legal increases awareness on importance of enforcing IPRs on all levels, tackles emerging issues threatening protection of these rights, and provides modern tools and methods on combating such infringements.

Cease and Desist Letters:

We assist clients wishing to cease infringements of their trademarks without resorting to courts by either drafting cease and desist letters, or obtaining settlements; saving our clients' time and money.

Opposition and Cancellation Actions:

Dealing with more than 500 skillful lawyers regionally and globally, TAG-Legal is reputed to serve its clients with practical consultations on their opposition and cancellation proceedings as we have developed a solid experience in this area from successfully representing many brand owners and service providers before competent courts of all levels and have managed to reach favorable settlements in other cases.
