TAGITI IT Consulting secures ERP Consulting Assignment with Miyahuna

AMMAN- Talal Abu Ghazaleh Information Technology International (TAGITI) has secured an ERP consulting assignment with Miyahuna, Jordan.

The assignment is a strategic project for Miyahuna who are the primary water utility provider in Jordan which has been funded through the Water Management Initiative (WMI).

Mr. Shahid Halling, TAGITI Technical Director said that "Miyahuna has shown great confidence in our abilities to help them consolidate the various IT systems they currently have. Our work will involve independently reviewing their IT systems and business processes in order to formulate detailed technical functionality requirements for an all in one solution.

He went onto say "Such work is extremely valuable and will help Miyahuna to release a comprehensive RFP for the procurement of a technical solution which thoroughly addresses all of their business needs."

Doha Clinic Hospital selects TAGITI's Web Department to develop an Online Appointment System and Redesign its Website

DOHA - Talal Abu-Ghazaleh Information Technology International (TAG-ITI) was awarded to develop an Online Appointment System for Doha Clinic Hospital (DCH) in addition to the development and redesign of its website.

Mr. Ramez Quneibi, TAG-ITI Web Development Director said that the developed system will be dual language (English / Arabic) and will help patients to book appointments as well as allowing the doctors to manage their schedules online. Which will enhance DCH existing patient care management and improve its healthcare system.

It is worth mentioning that Doha Clinic Hospital is one of Mohamed Bin Hamad Holding Companies (MBHHC), where in 2016, TAG-ITI was awarded to develop and design both its website and employees' portal.

Mohamed Bin Hamad Holding was established more than 30 years ago and is considered one of the best investment groups in the region, which succeeded in developing its business in various fields.

Doha Clinic Hospital is the first fully integrated private hospital to open in Qatar, and offers first-class medical care it was established in 2001 by the Emir of Qatar, HH Sheikh Hamad bin Khalifah Al-Thani. It is owned by HE Sheikh Mohammed bin Hamad Al-Thani.

TAG-Archiving completes Archiving Project for the National Information Technology Center in Jordan

AMMAN - Talal Abu Ghazaleh Information Technology International (TAG-ITI) has completed the document management & archiving project at the National Information Technology Center (ITC).

Mr. Samer Al-Ramahi, Director of Electronic Archiving Department, said that the implementation of the archiving system in the center comes in line with its objectives in keeping abreast of developments in technology. The document management system and automating the workflow procedures were implemented by converting all work procedures to paperless environment.

He added that the project included the archiving of 200 thousand papers in the departments of personnel and the Department of Finance, in addition of implementing the correspondence system for ITC.

Al-Ramahi pointed out that TAGITI's archiving department at Talal Abu-Ghazaleh Organization (TAG-Org) was established to keep abreast of the knowledge development and to assist the departments and institutions in electronic transformation.
