Dear Mr. Abu Ghazaleh,

I am writing to thank you for inviting me to participate in the ceremony held on the occasion of 20th anniversary of the Arab Certified Accountants (ASCA) and to mark the validation of its certificate by the University of Cambridge examinations in Cambridge in August 2004. It was a momentous occasion for your organisation and the international recognition of your untiring efforts to promote the cause of accountancy in the Arab world. It was indeed, a great honour for your society, which was brought about by your leadership and vision. I am indeed grateful to you for promoting professionalism in our Arab world and wish you all success in future. The function was very well organised and it also provided a great opportunity to interact with other policy makers.

I look forward to meeting you again in future and continue our pleasant association.

With regards,

Yours sincerely,

Abdullah bin Hamad bin Saif Al Busaidy
President of State Audit Institution
