Executive Director

Contract: **Support to the Lebanese Centre for Energy Conservation**
 Beirut – Lebanon
 Ref: EuropeAid/129347/D/SER/LB

Dear Mr. Rayess,

With the almost closure of the LCEC project, we, at CUB Engineering, would like to extend to your goodself our deep thanks and gratitude to your outstanding and continuous support and collaboration during the implementation of this project. Being a member of the consortium, Al-Dar Consulting team led by you has shown a very strong commitment starting with the preparation of the technical proposal till the closing ceremony. During its execution (Oct 2010-Oct 2011), we have faced a series of problems and challenges and you have played always a very positive role with constructive impact covering all the managerial areas to be dealt with.

Having your goodself as Executive Director, we do consider that this project is only the starting of a long partnership and looking forward for future joint ventures together.

Wish you the best for your company's continuous success,

Thank you and very best regards.

Sincerely yours,

Gihane Jabbour Haddad
