Talal Abu-Ghazaleh E-training Accredited two Centers for the Ministry of Education in Al Qaser and Dhiban for the diploma examinations

Amman - Talal Abu-Ghazaleh E-Training Center accredited two centers for the Ministry of Education in Al Qaser and Dhiban for granting Talal Abu-Ghazaleh International Diploma in IT Skills (TAG-DIT).

The accreditation decision came after both centers fulfilled all the accreditation requirements by the international quality standards followed in the operation of Talal Abu-Ghazaleh International Diploma in IT Skills.

The Diploma offers an opportunity to apply for two levels (Foundation and Standard). The Foundation level is designed for students, employees and trainees who wish to develop their practical skills in information technology such as using word processing, file management and Internet communications. IT skills for the level at which they are trained. The “Standard Level” is designed for the same training materials offered at the Foundation level but with and advanced level and skills, in order to meet the needs of specialized high technical skills.
