“Talal Abu-Ghazaleh E-Training” concludes a Training Program for the Female members of the Inner Wheel Club

Amman - Talal Abu-Ghazaleh E-Training concluded its training program for the members of the Inner Wheel Club on (Talal Abu-Ghazaleh International Diploma in IT Skills). The objective of the program is to provide participants with the skills and develop the capabilities in the field of information technology and computer literacy, where 12 of the Inner Wheel Club’s female members participated in the program.

It is noteworthy that the Inner Wheel Club is an organization for Rotary women, which works to establish the concepts of cooperation, love and peace, and provides support to social institutions and organizations for the benefit of the groups in need and in order to achieve development and enhancement of societies and the empowerment of women. Talal Abu-Ghazaleh E-Training Center was established in 2001, it is focused on providing high-quality IT Skills assessment services in the Arab world through partnership with leading institutions. Talal Abu-Ghazaleh E-Training Center seeks to further broaden its reach in the region, offering IT assessment services on specific software applications.

TAG-Org Holds Two Advanced Excel Training Courses for Saba Islamic Bank and CAC Insurance in Yemen

SANAA - Talal Abu-Ghazaleh Organization (TAG-Org) office in Yemen held two training courses on Advanced Excel program for staff of Saba Islamic Bank and CAC Insurance Company.

Fulfilling its mission in building capacities and developing skills all over the world through more than 110 offices, TAG-Org holds IT courses to help eradicate IT illiteracy and at the same time, courses are customized to meet the practical needs of trainees.

Ten participants from Saba Islamic Bank and twenty from CAC Insurance Company staff attended the course that was held at Talal Abu-Ghazaleh E-Training Center in Yemen office.

At the closing ceremony, the participants from Saba Islamic Bank received certificates of attendance in the presence of HR and Training Manager Mr. Fahad Qaed Al Salmi, Head of Training Department Mr. Abdul Aziz Abdulla Al Ahnomy and Mr. Fadl Taha Al Wasei E-Training Officer at TAG-Org Yemen.

Meanwhile, attendees from CAC Insurance Company received their certificates of attendance in the presence of Mr. Hassan Ta'am, Assistant Chief Executive Officer of Financial and Administrative Affairs, Mr. Omar Abdul Aziz Al Wessi, Acting Director of the IT Department and Mr. Fadel Taha Al Wasei, E-Training Officer at TAG-Org - Yemen.

Jumana Talal Abu-Ghazaleh Joins the 4.3% of Women Inventors

CANADA - Ms. Jumana Abu-Ghazaleh, has been awarded a positive international search report from the Canadian Patent Office for a novel and inventive computer system for fostering online working relationships and virtual team building, thereby joining the 4.3% of women inventors who have filed international patent applications.

This invention has pioneering global impact, and it utilizes the power of communication to build strong professional relationships, even when

colleagues are separated by geography, time zones or culture; most importantly, the invention introduces empathy into the digital workplace.

Ms. Abu-Ghazaleh is one of the 40 Women To Watch Over 40 in the Arab world, a trade strategist, founder and CEO of betwixt.us; a tech company devoted to strengthening professional relationships through an online platform promoting psychological safety and dialogue between workgroups. Ms. Abu-Ghazaleh, who has been described as the

“ultimate positive role model for young women”, is the recipient of multiple marketing industry awards for her brand strategy work for international companies such as American Express, Yahoo, Coca-Cola, Bank of America and Hilton Hotels. She earned an MBA from Harvard Business School and a degree in Literature and Philosophy from Claremont McKenna College. Ms. Abu-Ghazaleh is the daughter of Dr. Talal Abu-Ghazaleh, Chairman of Talal Abu-Ghazaleh Organization (TAG-Org), the largest global group of professional services firms that provide specialized services in more than 25 different fields. Stemming from his strong believe that innovation and knowledge empowerations, Dr. Abu-Ghazaleh has innovated Talal Abu Ghazaleh University College for Innovation (TAGUCI), the only major institution in the Arab world that will graduate inventors and entrepreneurs, that hopefully will follow the footsteps of Ms. Jumana Abu-Ghazaleh, and will continue to push the wheel of innovation forward.

TAG-KS offers computers and maintenance services for MoICT and NITC

Amman - Chairman of Talal Abu-Ghazaleh Group, HE Dr Talal Abu-Ghazaleh, signed a memorandum of understanding with Minister of Information and Communications Technology (MoICT), Mothanna Gharaibeh, and Director General of National Information Technology Center (NITC) and Secretary General of MoICT, Nader Thneibat aiming at enhancing cooperation towards activation and development of the Ministry's knowledge stations.

Under the MoU, the trio will cooperate in the fields of training, enhancing skills, and distributing knowledge to the local community, especially for telecommunications and information technology graduates.

The MoU also aims at cooperating in transforming the knowledge stations into business incubators and capacity development centers by offering educational e-programs for citizens in the governorates and making its service centers available to all members of the community.

Tala Abu-Ghazaleh Knowledge Society (TAG-KS) will undertake maintenance work for the selected stations in accordance with the needs of each station either by development or activation. TAG-KS will also supply the stations with new computers and other office equipment, in addition to holding training sessions for the MoICT and NITC employees

Minister Gharaibeh welcomed Dr Abu-Ghazaleh, hailing the commitment of TAG Group to work hand-in-hand with the public sector. He expressed

happiness for cooperating with Talal Abu-Ghazaleh Group, stressing that “the cooperation will not be only in the knowledge stations field, but will extend to bigger horizons that serve the country and the citizens.”

For his part, Dr. Talal Abu-Ghazaleh expressed pride at the MoICT and its great importance on a ministerial level, affirming the ministry’s advanced performance under the leadership of HE Eng. Gharaibeh.

Dr. Abu-Ghazaleh also affirmed his readiness to partner with the ministry in its efforts to develop the knowledge stations by offering the TAG Group-owned internet line connection for free, expressing happiness that this partnership fulfills the directives of His Majesty King Abdullah II and the Royal Court.
