## **Talal Abu-Ghazaleh E-Training in Yemen has completed the Talal Abu Ghazaleh International Diploma in IT Skills**

Sana'a - Talal Abu-Ghazaleh E-Training has completed a training course for a group of candidates on computer skills.

The aim of this training course, which was attended by 15 candidates, is to train them to use a number of programs of Talal Abu-Ghazaleh International Diploma in IT Skills (TAG- DIT).

During the course, the trainees have been provided with the skills of using the computer through several modules, including Computer use and Files Management, Word Processing, Spreadsheets, Presentations, Electronic Communications.

Talal Abu-Ghazaleh E-Training Center was established in 2001, it is focused on providing high-quality IT Skills assessment services in the Arab world through partnership with leading institutions.

Talal Abu-Ghazaleh E-Training Center seeks to further broaden its reach in the region, offering IT assessment services on specific software applications.

## Talal Abu-Ghazaleh Global and Al-Ahliyya Amman University Sign Cooperation Agreement for Online Training

AMMAN - HE Dr. Talal Abu-Ghazaleh, chairman of Talal Abu-Ghazaleh Global (TAG.Global), and Dr. Sari Hamdan, president of Al-Ahliyya Amman University, signed a cooperation agreement with the aim to provide online training services and capacity building services to the University students and staff.

The two parties agreed on holding digital training courses provided through “Tadrib Online” platform, the first Arab platform in digital training in various fields.

‘Tadrib Online’ offers various digital training courses that include Accounting, Banking and Finance Sciences, Digital Marketing, Social Media Networks, Project Management, Human Resource Management, Intellectual Property, Trademarks in addition to the program of the International Arab Certified Accountant (IACPA) certificate.

Dr. Abu-Ghazaleh stated that Tadrib Online was launched to provide education opportunities for all everywhere which positively affects communities particularly the youth, highlighting its role in digital learning in disseminating knowledge and information to learners all over the world, and underlining the urgent need to cooperate with the University in this field for the benefit of students.

For his part, Dr. Hamdan stressed the importance of providing students with the appropriate environment for innovation and creativity and facilitating their access to e-communication tools to acquire expertise and skills in different fields of knowledge, voicing his admiration of TAG.Global and expressing the University's readiness to activate a joint cooperative program.

'Tadrib Online' platform, offered through Talal Abu-Ghazaleh Global and Almotahida Education Group, with the aim to enhance capacities for acquiring expertise in all fields using the most advanced interactive tools and innovative digital learning.
