Abu-Ghazaleh Offers TAGTech Laptops to the Lebanese Army's Education Directorate

BEIRUT – HE Dr. Talal Abu-Ghazaleh, founder and chairman of Talal Abu-Ghazaleh Global (TAG.Global), presented laptops produced and manufactured by Talal Abu-Ghazaleh for Technology (TAGTech), to the Training Directorate at the Lebanese Army to equip its Studies and Scientific Research Hall. The provision of the technological devices comes in line of Dr. Abu-Ghazaleh's belief in the need to support the Lebanese Army as a national duty towards Lebanon in these difficult circumstances.

The Hall was inaugurated in the presence of the Director of Education in the Lebanese Army, Brigadier General Ali Abuhamdan, the representative of Dr. Talal Abu-Ghazaleh for Culture and Media in Lebanon, Mr. Burhan Al Ashkar, the Commander of Fouad Chehab Academy for Command and General Staff College, Colonel Mohammed Bitar, and host of high-ranking officers and individuals from the Education Directorate.

Abu-Ghazaleh Offers TAGTech Laptops to the Lebanese Army's Education Directorate

486 Palestinians Registered in Abu-Ghazaleh's One Million Refugees' Higher Education Digital Scholarship

Dr. Abu-Ghazaleh Launches Scholarships for Specialists in the Reconstruction of 'Gaza'

During the ceremony, Brig. Gen. Abuhamdan expressed his gratitude and appreciation for the ongoing support provided by Dr. Abu-Ghazaleh to the Lebanese Army, especially in the areas of education, development, and research, calling for sustained cooperation between the two sides.

He also gave a brief on the Directorate, its mission, and the academic and educational programs it provides to the personnel of the Lebanese Army, praising the efforts exerted by Dr. Abu-Ghazaleh in Lebanon to eradicate digital illiteracy and implement Lebanon's digital transformation strategic plan in cooperation with the leadership of the Lebanese Army. For his part, Mr. Al Ashkar reaffirmed Dr. Abu-Ghazaleh's keenness to support the Lebanese Army to overcome the difficult economic conditions Lebanon is facing, noting that Dr. Abu-Ghazaleh's contributions to the Lebanese Army are stem from his sense of responsibility and national duty toward Lebanon and the Lebanese Army, which undertakes the mission of defending Lebanon's territory and its people.

Mr. Al Ashkar further outlined the scholarship Dr. Abu-Ghazaleh has previously announced to all Lebanese Army personnel to obtain a master's and PhD degrees through the US-based Westcliff University, in addition to the multiple training programs Talal Abu-Ghazaleh Digital Training Platform offers.

486 Palestinians Registered in Abu-Ghazaleh's One Million Refugees' Higher Education Digital Scholarship

AMMAN – Talal Abu-Ghazaleh Global Digital University (TAG-DGU) announced that (476) Palestinian students registered to obtain the fully-funded master's degree scholarships that have been recently offered by HE Dr. Talal Abu-Ghazaleh, founder and chairman of Talal Abu-Ghazaleh Global (TAG Global).

This initiative comes in line with Dr. Abu-Ghazaleh's efforts to support and empower the Palestinians to successfully achieve higher certification in multiple

disciplines accredited by TAG-DGU.

Dr. Abu-Ghazaleh has affirmed that the large number of students who enrolled in these scholarships reflects the Palestinian people's determination to excel

despite all the challenges and difficulties they have for long been going through. He pointed out that the Palestinians have made significant efforts to pursue good education and make fruitful progress despite obstacles,

expressing his admiration of their persistence, despite all their occupiers efforts to kill their aspirations and end their existence, either by keeping the occupation or through other ruthless attempts.

Moreover, Dr. Abu-Ghazaleh stated that TAG-DGU seeks to expand such an opportunity to include one million students in coordination and communication with Palestinian refugees in Jordan, Lebanon, and several Arab countries to share experiences and encourage creativity and academic achievement.

He went on to say that Abu-Ghazaleh's One Million Refugees' Higher Education

Digital Scholarship is one of the initiatives that aim to build Palestinian youth capacities that are essential to the liberation and development of their homeland.

The fully-funded scholarship includes five modern digital disciplines: Artificial Intelligence (PRO-ACTIVE Programming), Information Technology, Digital Marketing, Intellectual Property, and Supply Chain Management.

It is worth mentioning that Talal Abu-Ghazaleh Global Digital University (TAG-DGU), established in 2018, offers several distance-learning Master's programs through the free Massive Open Online Courses

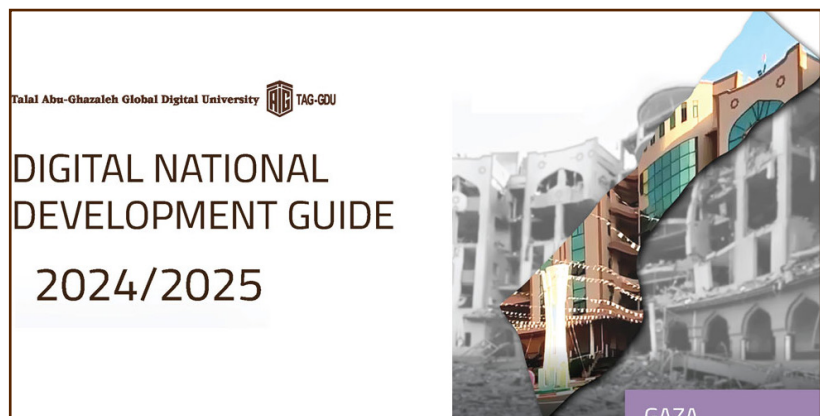

(MOOCs), which enable thousands of students to enroll in the best programs offered worldwide. Through TAG-DGU, students can obtain a master's degree based on the standards of online master's degree program accreditation in the United States, accredited by TAG-DGU.

Dr. Abu-Ghazaleh Launches Scholarships for Specialists in the Reconstruction of 'Gaza'

AMMAN – HE Dr. Talal Abu-Ghazaleh, founder and chairman of Talal Abu-Ghazaleh Global (TAG.Global), has announced the launch of fully-funded scholarships offered from the Talal Abu-Ghazaleh Global Digital University (TAG-GDU), for specialists and experts in Palestine working in the fields

of health, architecture, project management, community development, and reconstruction, particularly with respect to the Gaza reconstruction projects.

These scholarships fall in line with the series of initiatives launched by Dr. Abu-Ghazaleh to empower and sharpen the administrative and technical capacities in support of Gaza.

On this occasion, Dr. Abu-Ghazaleh affirmed that such scholarships cover five foundational diploma programs designated specially for reconstruction purposes, and will provide experts with the opportunity to improve and enhance their skills in vital areas such as urban planning, project design, community development, and public

health, among others.

“Experts who will be awarded this scholarship are not just professionals, they are rather the pioneers who seek to build bridges of hope and progress,” Dr. Abu-Ghazaleh said.

He also reaffirmed that this initiative comes in the context of the ongoing efforts to support the reconstruction processes in Gaza after the atrocities committed against the Palestinians in the Gaza Strip, pointing out that these scholarships aim at strengthening technical capabilities and

providing the necessary support to experts who play a key role in achieving the success and sustainability of reconstruction efforts.

“The reconstruction of Gaza becomes more than just a mission when knowledge and determination come together; it is more accurately an opportunity for real transformation,” he stated, adding, “We always aim to create a success story that crosses boundaries, and this scholarship paves the way for achieving this goal through creativity and perseverance.”
