Talal Abu-Ghazaleh for Technologies Wins Tender to Supply TAG-DC Tablets to 'Mouvement Social' in Lebanon

Talal Abu-Ghazaleh Academy Offers All its Services Digitally

Abu-Ghazaleh Chairs 'Towards Digital Jordan' Committee Meeting to Develop Cooperation Program with Ministry of Digital Economy

Abu-Ghazaleh: AIMICT Participates in Rocheston REINVENT Cybersecurity International Conference

BEIRUT – Talal Abu-Ghazaleh for Technologies (TAGTech), a member of Talal Abu-Ghazaleh Global (TAG. Global), won a tender to supply highly advanced TAG-DC tablets to ‘Mouvement Social’ with the aim of sharpening the technological skills of its members.

TAGTech is considered one of the fastest growing tech companies in the world; offering laptops, tablets and smart phones at the highest specifications and competitive prices to reach the largest segments of societies by supporting remote learning and by providing educational institutions, businesses and individuals with its technological devices.

TAGTech just started its first production line of electronic devices in Jordan and it

plans to establish more production facilities in other countries.

Mouvement Social is a non-sectarian, non-partisan organization with centers widely spread throughout the Lebanese territories. The Society aims to improve citizens’ quality of life and independence particularly among the poor through socio-economic development projects. It also strives to involve the Lebanese youth in developing and improving their community.

Moreover, the Organization works tirelessly to promote community awareness on social issues by pursuing policies that can effectively address the basic rights and needs of the deprived categories towards a fairer and a more humane society.

Talal Abu-Ghazaleh Academy Offers All its Services Digitally

AMMAN – Talal Abu-Ghazaleh Academy (TAG-Academy) for capacity building announced that it has successfully managed, during the Coronavirus (COVID-19) pandemic, to keep abreast of various developments and overcame challenges by offering its professional training programs and courses without any interruption through ‘TadribOnline’ Platform.

TAG-Academy Executive Director, Mr. Yousef Al-Rawas, emphasized that although TAG-Academy has already been offering many of its services digitally, it developed and digitalized all its tools and means to cope with the new global technological advancements referring to the establishment of Talal Abu-Ghazaleh Global Digital Platform to provide professional online training services.

Furthermore, TAG-Academy provides comprehensive professional training solutions in more than 20 fields through more than 500 comprehensive training programs. It also provides contractual programs customized to meet the training needs of human resources, designed after completing the evaluation of training needs of each facility.

Al-Rawas reviewed the digital services offered by TAG-Academy that ensure the continuity in building capacities of staff through providing pre-prepared training courses including accounting, audit, human resources, trademarks and social media & digital marketing. He explained that ‘TadribOnline’ Platform is characterized by various features that enable participants to attend the course from anywhere at any time and receive the certificate online.

He added that TAG-Academy provides online training courses that are tailored to the client’s needs, offered through live streaming using special programs such as Microsoft Teams and/or Mitel in Arabic and English. He also noted that the trainees are permitted during the courses to directly interact with the trainers.

Concerning its work mechanism, Al-Rawas stated that TAG-Academy assesses employees training needs, prepare the training plan that the facility needs, contacts the clients electronically and provide them with the outcomes of the assessment, to be analyzed and carefully studied in order to determine the training needs of the

facility in general and each employee in particular.

He further explained that TAG-Academy, in cooperation with the E-Solutions Department at Talal Abu- Ghazaleh Global, designs online training systems that facilitate access to training courses by employees anytime and anywhere.

It is worth mentioning that Talal Abu-Ghazaleh Academy for Capacity Building aims at providing human resources with professional knowledge and skills to improve their performance in accordance with the latest developments and best practices in training field locally, regionally and globally.

Abu-Ghazaleh Chairs ‘Towards Digital Jordan’ Committee Meeting to Develop Cooperation Program with Ministry of Digital Economy

AMMAN – His Excellency Dr. Talal Abu Ghazaleh, founder and chairman of Talal Abu-Ghazaleh Global (TAG Global), chaired a meeting of ‘Towards Digital Jordan’ committee, one of Talal Abu-Ghazaleh Knowledge Forum (TAG-KF) committees, to develop cooperation with the Ministry of Digital Economy and Entrepreneurship in the field of digital transformation implemented by the Ministry.

During the meeting, members of the Committee expressed their support to the Ministry’s efforts, as they conform with the Committee’s goals that include developing executive plans and procedure for transforming Jordan into a knowledge-based digital country and society, incorporating e-government, digital economy, digital learning and all other areas of digital transformation.

The Committee affirmed its readiness to continue its operations on this basis

with full coordination with the Ministry’s ongoing efforts to establish a public-private partnership, in accordance with the directives of His Majesty King Abdullah bin Al-Hussein in this regard in all fields.

The Committee also expressed its readiness to offer all required services and efforts including studies, organizing meetings and activities that contribute to achieving these goals through TAG-KF.

The ‘Towards Digital Jordan’ Committee is chaired by Eng. Hishan Qattan, ICT Expert, and the membership of Ms. Reema Diab, Founder and CEO of Galaxy Information Technology, Eng.

Samir Al Shamayleh, ICT expert, Mr. Abdul-Hameed Al Rahamneh, Director General of Almonsifoon Trading & Consulting Company, and Eng. Malik Fathi Al Amayreh, Head of Electrical Engineering Division - Jordanian Engineers Association.
