'Abu-Ghazaleh Global' Concludes Cybersecurity Workshop for Public Security Staff

'Abu-Ghazaleh Global' and Stallion Group Launch 'Artificial Intelligence Entrepreneur Championship' Program

Dr. Abu-Ghazaleh and Lebanese Prime Minister, commit to "Support Digital Transformation"

'Abu-Ghazaleh Global' Concludes Cybersecurity Workshop for Public Security Staff

AMMAN – Talal Abu-Ghazaleh Global (TAG.Global) concluded a workshop organized in cooperation with the UAE-based Black Mountain Cybersecurity Company for members of various security departments at the Public Security Directorate on Cybersecurity.

The training workshop was organized as part of the cooperation and support provided by TAG.Global to the Jordanian security directorate, where it was organized in collaboration between Talal Abu-Ghazaleh Knowledge Forum (TAG-KF) and Talal Abu-Ghazaleh Knowledge Center (TAG-KC).

The 4-day workshop was held with 6-hour training a day, attended by 100 public security officers from various ranks.

Assistant Commander of the Training Academy at the Public Security Directorate, Colonel Ayman Al Habahbeh, expressed his gratitude and appreciation to TAG.Global for organizing the training workshop, in addition to its ongoing contributions to building capacities of the Public Security cadres and personnel.

TAG-KF Executive Director, Mr. Fadi Daoud, expressed the Forum's pride in hosting the training program, affirming TAG.Global's full readiness to support such programs in the future.

For his part, Mr. Zaid Al Majali, TAG-KC executive director, expressed TAG. Global's gratitude in collaborating with the Jordanian Armed Forces in the field of training, which is considered a high priority for Dr. Talal Abu-Ghazaleh.

The workshop covered a number of specialized topics in Cybersecurity including e-crimes and security operations, presented by Mr. Mohammad Al-Kayed, senior Cybersecurity and Information Consultant.

It is worth mentioning that the Black Mountain (BLKMTN) is a UAE-based Data and Cyber Security service provider, specialized in training and consulting for educating, innovating and protecting critical information assets and cloud architecture, including telecommunication, government, and financial services.

'Abu-Ghazaleh Global' and Stallion Group Launch 'Artificial Intelligence Entrepreneur Championship' Program

AMMAN – Talal Abu-Ghazaleh Global (TAG.Global) in cooperation with Stallion AI Group launched the 'Artificial Intelligence Entrepreneur Championship' program in Jordan. The program, which aims at promoting the culture of artificial Intelligence in the Jordan and the MENA region, is certified by the US-based Rochester Institute of Technology (RIT) and the AIQOM Platform - the Artificial Intelligence and Machine Learning Platform.

In his keynote remarks delivered via Zoom, HE Dr. Talal Abu-Ghazaleh, founder and chairman of TAG.Global, addressed the attendees expressing gratitude to key partners; Stallion Group and the RIT, for collaborating in one of the most critical fields at the present time, the digital transformation, primarily the Artificial Intelligence (AI).

He informed the attendees of his first meeting with Bill Gates, co-founder of Microsoft, where he asked Gates what the next era would be called?, to which Gates replied: the Era of Artificial Intelligence.

Therefore, Dr. Abu-Ghazaleh encouraged students, entrepreneurs, and startups to be part of the future economy by creating and building AI projects.

Additionally, Dr. Abu-Ghazaleh announced the availability of five scholarships for five participants in the AI Entrepreneur Program which is accredited by the Arab countries.

For his part, CEO of Stallion AI Group, Mr. Samer Obeidat, emphasized the importance of AI benefits for the global future economy, estimated to exceed $15.7 trillion by 2030.

Mr. Obeidat asserted the role of the certified AI Entrepreneur Program in creating startups that are capable of finding solutions to real problems, as well as changing the future of the Kingdom's economy by finding new technologies to create job opportunities in the labor market through the AIQOM Platform.

He further added that the Platform includes an Academy for teaching AI and awards internationally recognized certifications, a virtual lab for experimenting AI algorithms, a decentralized open AI market for developers and non-tech citizens to explore, publishing and monetizing digital data and AI assets, and AI Readiness Assessment (AIRA) of the readiness level of AI implementing organizations. That is in addition to, an integrated community that consists of local and global AI experts who can exchange ideas and knowledge with experts worldwide.

AI Citizenship programs; launched by TAG.Global and Stallion AI Group in

cooperation with the US-based Rochester Institute of Technology through the AIQOM Platform, are considered part of the exerted efforts to raise awareness on the importance of AI, and improve the understanding of its impact on jobs and economies, in addition to empowering individuals and institutions to become efficient AI citizens possessing the necessary knowledge to keep pace with requirements of the newly emerging AI economy.

Furthermore, students, businessmen, leaders, developers, and professionals in different sectors would be able to obtain the AI accredited certification in their fields of specialties by three bodies: TAG.Global, RIT/Dubai, and Stallion AI Institute, where the programs and exams will be conducted at TAG.Global premises.

Dr. Abu-Ghazaleh and Lebanese Prime Minister, commit to "Support Digital Transformation"

Dr. Abu-Ghazaleh: Digital Transformation... an integrated responsibility between the public and the private sectors

Beirut - His Excellency Dr. Najib Mikati, the Lebanese Prime Minister, received at the Grand Serail, His Excellency Dr. Talal Abu-Ghazaleh, Chairman and Founder of "Talal Abu-Ghazaleh Global", and the accompanying delegation, while on a working visit to Lebanon, during which Dr. Abu-Ghazaleh signed two memoranda of understanding. The first was signed at the Ministry of Administrative Reform, which is headed by the Council of Ministers, in the presence of the Minister of State for Administrative Reform, Ms. Najla Riachi; while the second was with the Lebanese University, at the university premises.
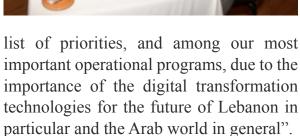

Following that Dr. Abu-Ghazaleh held a press conference at the Lebanese University, where he briefed his audience on the most important themes of the two memoranda with "Talal Abu-Ghazaleh Global": the largest and most important provider of knowledge services, digital transformation technologies, software solutions technologies, and capacity building requirements, at international levels of quality.

He further explained that the Lebanese University agreement included an understanding about its transition to innovative learning and capacity building in the fields of accounting and technology, in accordance with the standards of quality in learning and training, and the adoption of the "Innovation Incubator" for the innovative ideas of university students, at Talal Abu-Ghazaleh University College for Innovation. These included establishing a knowledge station, cooperating with the Arab Organization for Quality Assurance in Education, holding Talal Abu-Ghazaleh International Diploma exams in IT skills on campus, offering Arab International Society of Certified Accountants diplomas, giving special offers on Talal Abu-Ghazaleh Technology devices, and providing special digital transformation services for universities, and the services of the Talal Abu-Ghazaleh Global Digital Academy platform.

During the press conference, Dr. Abu-Ghazaleh also touched upon the current circumstances in Lebanon, and the duty that Talal Abu Ghazaleh Global commits to undertake by way of responding to such dire circumstances saying: "It is necessary to place this response at the top of our

list of priorities, and among our most important operational programs, due to the importance of the digital transformation technologies for the future of Lebanon in particular and the Arab world in general".

It should be reminded here that the Ministry of State for Administrative Reform in Lebanon is considered the main governmental authority responsible for heading the Lebanese government and it is charged with leading the state and the citizen to digital transformation technologies, through promoting policies and methodologies guaranteeing and disseminating these methods among the various sectors of the state, involving Lebanese youth and the private sector, and establishing effective public-private partnerships.

Dr. Abu-Ghazaleh's visit received a very special welcome, as several officials and ministers, including the ministers of Labor, Education, and Culture, and several MPs, including MP Edgar Trabelsi, were in attendance, in addition to the special participation of Dr. Rabie Baalbaki.
