

A Man with Determination is worth a Nation

Mazen Al-Hasasneh

Chairman of the Board of Directors of the Palestinian Turkish Businessmen

Union In the presence of dignitaries and achievers, we stand in front of a man proud and honored of his distinguished journey and great history who stood tall despite the challenges and struggle. This is what moves me the jubilation of a Palestinian Arab-Jordanian pride who we are proud of. Dr. Talal Abu-Ghazaleh is one of those who reshaped the model born from the womb of a refuge and deprivation into a sun that lives in the sky as a symbol of victory, a slogan for an amazing success.

It is my right and the right of all Palestinian businessmen in Turkey and to all members of the community as we honor this man to be proud of him, he who represents the real Palestinian who struggled for his national identity, Talal Abu-Ghazaleh became the miracle of the Palestinian Diaspora and a Palestinian icon that proved that we are a mighty people that do not die easily, but live and excel and move forward despite the attempts to wipe us out.

This honor presented to Abu-Ghazaleh is minor compared to what he presented to his people, and his nation and his cause. From Turkey we launched 'A Man with Determination is worth a Nation' detailing Talal Abu-Ghazaleh's history and achievements. He is one of the most influential people in the economic field in the region. He is one of the most creative people in the science of knowledge, a national symbol and registered trademark of struggle whose rights belong to the Palestinian, Jordanian and Arab people.
