TAG-ITI Develops a new App for Talal Abu-Ghazaleh Business and Culture Radio Station

AMMAN – Talal Abu-Ghazaleh Information Technology International (TAGITI), the technological arm of Talal Abu-Ghazaleh Global (TAG.Global), developed a smart application for Talal Abu-Ghazaleh Business and Culture Radio Station (TAG-BC) on both iOS and Android platforms.

The new App, developed by TAG-ITI's Smart Apps Development Department, enables users to listen to live Radio broadcast and enjoy the various programs played on the popular station especially the rich library of classical music by the world's greatest composers.

In addition, users of the smart application will have access to TAG.Global's latest news and a host of interviews with HE Dr. Talal Abu-Ghazaleh by global media outlets.

TAG-BC Radio Station, affiliated to TAG.Global, broadcasts at 102.7 FM to the governorates of Amman and Ma'an, playing mainly Western classical music and aims to promote TAG.Global's activities and professional services in education, capacity building and Intellectual Property in addition to others.

TAG-BC App can be downloaded on Android and iOS through the following links:

Talal Abu-Ghazaleh Information Technology International (TAG-ITI) and AIMICT conduct ISO 27001 Lead Auditor course in Jordan

TAG-ITI and the Arab International Society for Management Technology conducted the accredited ISO 27001 Lead Auditor for a group of participants from different sectors in Jordan. The ISO 27001 Program aimed at enabling the trainees to develop the necessary expertise to support Security Management System (ISMS) based on ISO/IEC 27001. Participants also will gain a thorough understanding of the best practices of Information Security Management Systems to secure the Organization's sensitive information and improve the overall performance and effectiveness.

The program is accredited by PECB and targets Managers or consultants involved in Information Security Management, Expert advisors seeking to master the implementation of an Information Security Management System, and ISMS team members.
