Letter of Appreciation on the Occasion of the 3rd German-Arab Water Forum

Your Excellency,

After the successful staging of the 3rd German-Arab Water Forum in Amman from May 31 – June 2, we are pleased to address you, expressing our deepest appreciation for Your Excellencies fruitful contribution and efforts for the Forum despite the tragic circumstances. On behalf of the EMA, please let us express our sincerest condolences for the recent loss of your brother.

During the Water Forum, panel discussions and workshops in the conference addressed the most pressing issues in the water sector of the Arab region in light of the refugee crisis. The site visits of the framework program provided the delegation with valuable insights into the topic and presented many innovative solutions.

Innumerable contacts between German and Arab participants were made thus putting into practice the goal of the Water Forum: to deepen and enhance the German-Arab cooperation in the water sector and to transform an area of confrontation into one of economic cooperation.

We are very delighted to be able to stage such a promising event in Jordan. We thus look forward to our further close exchange and are very proud to find a man of your wisdom and inspiration amongst the honorary members of EMA.

Please allow us to express, Your Excellency, the assurances of our highest consideration.

Sincerely Yours,

Christian Wulff
