

A Self-Made Man

Professor John Small

Former president of the Association Chartered Certified Accountants-UK The Talal Abu-Ghazaleh Organization is one of the largest organizations in the world in the field of professional services and the individual behind this organization works hard around the clock. Talal Abu-Ghazaleh as a person I know and proud of his friendship is a man and an intelligent chairman who can easily and always convince you to present good work and special services to the world and not only in the Arab region. He is a very well-known Arab character in the western world, and his good nature reflects on the good nature of all Arabs. He is capable of conveying the Arab voice to the Western world, and he is known for his loyalty to his family, his work and the staff of his Group. His employees are treated as members of the family.

My personal relation with Talal started 20 years ago and I am proud of such friendship with this man who is dedicated towards the path of success. His organization strives to provide high quality services and qualify its employees to reach the highest levels and contribute in developing the economic, social and cultural level in the Arab world in the global framework.

Talal Abu-Ghazaleh is one of the best Arab personalities I have even known. This man hates problems and stays away from anything that causes hurt to him and to others. This character demands respect of all.

We cannot limit his good and positive qualities in words as talking about this man takes long dialogue especially regarding his humanity.

A tribute to this wonderful man who with his self-made attitude became a symbol for struggle and success.
