In 1972, TAG-Org started a long and adventurous journey with the opening of its first audit office in Kuwait in the name of Talal Abu Ghazaleh and Co. International. TAGI-Auditors soon became a multi-branch company which has, in time, turned into a global professional group by all standards.

TAGI-Auditors, the parent company, was launched in the early 1970's when the Gulf region achieved independence and experienced a huge economic transition. TAG-Org has lived and fostered this remarkable transition by contributing to the advancement of the construction, industrial, commercial and service sectors.

TAGI-Auditors and Talal Abu- Ghazaleh Consulting have played a key role in the social and economic development journey of the country by providing high-quality professional services to the public and private sectors, state-of-the-art training and capacity-building and conducting feasibility studies and providing consultancies. In recognition of its contributions to the national economy, TAG-Org has earned the trust and support of public officials as well as business leaders.

TAG-Org has expanded rapidly thanks to its commitment to the highest international standards of professionalism, integrity and ethical principles..

**HE Dr. Talal Abu-Ghazaleh with His Highness Sheikh Jaber Al Mubarak Al-Sabah,
the Prime Minister**

HE Dr. Talal Abu-Ghazaleh, TAG-Org Founder, has spoken of Kuwait's hospitality in all seminars, media interviews and special sessions, praising the sponsorship and support he has received from top leaders and senior officials, which enabled him to face challenges and overcome difficulties associated with the incorporation stage. One of the major challenges was foreign companies' fighting an emerging Arab institution that operates upon comparable professional standards with promising future.

TAGI-Auditors has managed to lead the Arab accountancy profession and has been at the forefront of those applying international standards. Moreover, TAGI-Auditors has become synonymous with international standards and integrity in the fields of accounting, auditing and financial services. It has become a member of the Forum of Firms "FoF", an association of international networks of accounting firms that perform transnational audits and affiliated with the International Federation of Accountants "IFAC".

From Kuwait too... HE Dr. Talal Abu Ghazaleh hastened, shortly after these initial achievements, to call for compliance with intellectual property rights by governments, institutions, companies, industries and individuals.

Accordingly, Abu Ghazaleh Intellectual Property "AGIP" was established to provide all forms of IP services. AGIP has been ranked first in international IP rankings.
