TAG-Domains Participates in a Session related to ICANN 60 Annual General Meeting

DUBAI - Talal Abu-Ghazaleh Domain Names (TAG-Domains), a subsidiary of Abu-Ghazaleh Intellectual Property (AGIP), participated in an outreach session related to ICANN 60 Annual General Meeting, which took place in Dubai, UAE, September 28, 2017.

The session was held to encourage businesses, academic institutions, researchers, and media to attend ICANN 60 Annual General Meeting, which will be held in Abu Dhabi, UAE, from October 28 to November 3, 2017. Mr. Mahmoud Lattouf, TAG-Domains Executive Director, represented TAG-Domains in the session, where he briefed the attendees about TAG-Org involvements with ICANN, in relation to the Business Constituency, Intellectual Property Constituency, and as a registrar.

Commenting on the event, Mr. Lattouf said: "We are keen to participate in ICANN's events and exchange views and expertise with international

partners to reach the best practices and regulations in the Domain names sector."

Meanwhile, Mr. Baher Esmat, ICANN's VP Stakeholder Engagement in the Middle East, praised TAG-Org for its involvement, as the only private sector company with such an involvement and attendance from the Arab region.

ABOUT AGIP:
AGIP, through its subsidiary, TAG-Domains, is an accredited ICANN registrar for the most popular generic Top-Level Domains (gTLDs) (.com and .net) and country-code Top-Level Domains (ccTLDs) in the countries where TAG-Org provides its services. AGIP's participation in ICANN events started July 2000 and since then it has been active in all ICANN events.

TAG-Domains to Participate in ICANN 60 Annual General Meeting

ABU DHABI - Talal Abu-Ghazaleh Domain Names (TAG-Domains), a subsidiary of Abu-Ghazaleh Intellectual Property (AGIP), will participate in ICANN 60 Annual General Meeting, to be held in Abu Dhabi, from October 28 to November 3, 2017.

Mr. Mahmoud Lattouf, TAG-Domains Executive Director will participate in ICANN60 along with participants from government, business, civil society, non-governmental organizations, research and academic institutions and technical communities to join discussions on topics related to Domain Names System so that they can contribute in shaping the future of Domain Names System.

ICANN60, hosted by the Telecommunications Regulatory Authority (TRA) of the United Arab Emirates (UAE), will focus on outreach, capacity building, and showcasing ICANN's work to a broader global audience.

Jordan Reduces Domain Name Registration Fees

AMMAN - Jordan National Information Technology Center announced that new official fees for registering country code domain names have been applied in Jordan.

The new official fees, which include top and second level domain names, have been reduced by 50%.

The new official fees for registering a top level domain name became JD50 (US$71) instead of JD100 (US$142), and the new official fees for registering a second level domain name became JD25 (US$35) instead of JD50 (US$71).

In light of the above, our total charges for registering a top level domain name in Jordan are US$130 (exclusive of VAT), and US$90 (exclusive of VAT) for the second level domain name.
